Teddy's Blanket (Easy Garter Stitch snuggle blanket)

You will need:

Pair of Juey Jumbo 25mm Knitting Needles. You can use Juey accessory needles or Juey original needles (*our kit contains Juey accessory needles*)

4 balls of Juey Lux Merino Yarn. 400 grams of your own super chunky yarn

Note: You will knit your blanket by holding 2 strands of yarn together throughout the pattern. Either use 2 balls & work holding both strands together or use the usual strand of yarn from the ball, then reach into the middle of the ball & find the other end of yarn, pull this out & work holding both these strands together.

This creates a thicker yarn that makes your blanket much more soft and snuggly.

Start pattern here Cast on 28 stitches

Next row: Knit across row. **Note:** *When you are asked to work Knit Stitch for every row of your pattern, this is called GARTER STITCH, so if a pattern calls for GARTER STITCH don't be afraid it only means Knit every row).*

Next row & every row: Continue to work in GARTER STITCH until you have worked 38 rows.

Cast off all your 28 stitches.

Making up

Make 4 pom poms & attach to each corner

Weave in any loose ends to neaten the blanket.
